ABOUT ME

I am a passionate Full Stack Developer specializing in the MERN stack, with experience in React.js, Node.js, Express.js, and MongoDB. I also have skills in WordPress development and modern web design. I enjoy creating responsive, user-friendly websites and web applications, solving problems through clean code, and continuously learning new technologies.

EDUCATION

Diploma in Pharmacy Technician
GIPS — Gujrat Institute of Professional Studies **2023**

Matriculation
Municipal School, Gujrat

WORK EXPERIENCE

Full Stack Developer (MERN Stack)

- Developed responsive web applications using MongoDB, Express.js, React.js, and Node.js.
- Worked with REST APIs, database integration, frontend development, and application functionality.
- Focused on writing clean code and creating user-friendly digital experiences.

Web Designer

- Designed modern, responsive, and visually appealing website layouts.
- Focused on user experience, mobile responsiveness, typography, and clean design.

WordPress Developer

- Created and customized WordPress websites using themes and plugins.
- Worked with Elementor, website layouts, content management, and customization.

PROJECTS

01. VELTRIX Studio — Agency Website
Built a modern agency portfolio website using React.js, Vite, and CSS.
